Brisbane BMW are notified via email lead sheets and customer registration data is automatically compiled in a registration database making it ideal for tracking and follow up. Registering customers also receive an auto reply advising they have been booked in and will be contacted.

Service reminders and special offers are emailed frequently as a cost effective and powerful way of keeping services up to date whilst allowing customers to take advantage of special offers.

Sale Events Notices:

Regular sales event brochures are emailed to prospects and customers advising of great purchasing opportunities. Refer to testimonial below for results.

Accessory Offers:

The BMW accessory range is frequently promoted using email catalogue brochures.

Results

Brisbane BMW recently launched an email marketing campaign for the release of the long awaited Sporty new Z4 Convertible to a select group of customers.

The purpose of the campaign was to generate interest for Test Drives.

The campaign design included:

- attractive graphics detailing the impressive characteristics of the Z4
- branded Test Drive Registration forms allowing instant responses from interested recipients

Within 24 hours of the 1303 recipients who the brochure was sent to, 55% read the email with 8.6% responding and 4% registering instantly for a test drive.

Additionally 9 people sent the offer to friends. There were also numerous recipients who came directly into the Brisbane BMW showroom for the Test Drive offer. By the end of the week, Z4 sales had already been made!
